**Bulletin #1 of 2016. August 25, 2016**

## **New Product Bulletin** **925-145 Adjustment Keeper Kit**

### **Products affected:**

- 900-142 Miller Diving® Easy Lift Harness, Small
- 900-143 Miller Diving® Easy Lift Harness, Medium
- 900-144 Miller Diving® Easy Lift Harness, Large
- 900-145 Miller Diving® Easy Lift Harness, XL

The 925-145 Adjustment Keeper Kit (optional) serves as an enhancement to all Miller Diving® Easy Lift Harnesses.

An adjustment keeper is a device comprised of neoprene and Velcro®. Once installed, a keeper will hold the webbing in place with the buckles, thereby keeping straps to their adjusted lengths.

Three adjustment keepers P/N 910-452 come in each kit: one for each of the two shoulder straps, and one for the waist strap.

**US Retail: \$35.00**
