Product Bulletin - #7 of 2005 Miller Oral/Nasal Valve Part # 910-335 Discontinued May 10, 2005

KMDSI has discontinued the production of the Miller Oral/Nasal Valve, Miller Part #910-335. This item has been replaced by KMDSI Part #510-552.

The replacement part is the same valve as the one used in Kirby Morgan SuperFlow 350 regulators. For dealers who sell both Kirby Morgan and Miller products, this is one less item you will have to stock.
